Each owner of a share of stock in the Mutual (hereinafter “Shareholder”) is a shareholder of the mutual as well as a member of the Golden Rain Foundation. The Mutual has its own set of governing documents, filed with the Secretary of State and transferred to each shareholder through escrow.

According to California Civil Code Section 51.3, in order to reside in a senior housing development at least one (1) occupant must be fifty-five (55) years of age or older; all other persons who reside must be at least forty-five (45) years of age, unless the other occupant is: (1) a spouse or registered domestic partner; or (2) a primary provider of physical health care. Section 3.2 – GRF Permit for Building Alterations/Additions.

In order to conduct any construction for the alterations and/or additions in the Shareholder's Unit within the Mutual buildings, the Shareholder must submit an application for issuance of a building permit to the Physical Property Department and obtain a GRF Permit for the alterations and/or additions. The Shareholder must provide the Physical Property Department with a written, signed proposal and contract between the Shareholder and the contractor performing the work, which describes the work to be done by the contractor, the fees to be paid, and the commencement and completion dates of the work. Such contract must be in the form of the appropriate Standard Form Contract provided by GRF and must be properly completed and signed by the Shareholder and contractor proposing to do the work.

The Standard Form Contract will contain a per day penalty for every calendar day that exceeds the completion date set forth in the Contract. Said penalty to be paid by the Contractor to the Shareholder. The Mutual Board, or its designee, may make an exception to the completion date and award an extension to the contractor without penalty due to unforeseen delays or problems.

Mutual requires the signature of the Mutual President or designee on any building permit, building plans, and change orders issued for Unit remodeling and approved by GRF.

No Shareholder shall make any structural alterations in the Unit or Mutual premises, or in the water, electrical conduits, plumbing or other fixtures connected therewith, or remove any additions, improvements or fixtures from the Unit or Mutual premises, without the prior written consent of the Mutual and GRF.

Section 3.3 – Mutual Not Responsible for Damage.

The Mutual is not responsible to any Shareholder, or any successor Shareholder, for any damage to any Unit, regardless of the date of installation or cause of damage or failure.

Section 3.4 – Installation of Showers/Bathtubs.

Shareholders may install a bathtub within the Shareholder’s Unit at the Shareholder’s own expense, so long as the bathtub meets the requirements set forth in this section. The bathtub must have a minimum inside width of nineteen inches (19”). A Shareholder may install a shower door (piano hinge) within the Shareholder’s Unit, when shower cut-downs are performed in the Shareholder’s Unit, at the Shareholder’s own expense.

Section 3.5 – Skylights.

Subject to the approval requirements contained herein, a Shareholder may install a skylight over specified locations in the existing roof structure of the Shareholder’s Unit, at the expense of the Shareholder. The Shareholder and contractor must utilize the Standard Form Contract prepared by the Physical Property Department. The construction must conform to the plans and specifications approved by the GRF and Mutual Board. The Shareholder must obtain a building permit from the City of Seal Beach, California. The Shareholder must agree that title to the remodeling and addition shall vest in the Mutual.

At the time of installation or replacement of skylights or skylight domes, single-sided foam tape must be applied between the frame and skylight dome. Further, the skylights must meet the following specifications: (1) size must be thirty-two inches (32”) by sixty-four inches (64”); (2) number of skylights per Unit: one (1) bedroom Units may have two (2) skylights and two (2) bedroom Units may have three (3) skylights; (3) location must be over entry way, over front patio, in front of bedroom, in front of living room, kitchen, and/or bathroom; and (4) position must be thirty inches (30”) in from building stucco wall/long side of skylight parallel with rafters/a long side of skylight across the rafters (middle rafter may be cut and headered in).

Section 3.6 – Microwave Ovens.

A Shareholder may install a special model microwave in the kitchen of the Shareholder’s Unit, at the Shareholder’s own expense, in place of the stove hood. The installed microwave will be a permanent installation to be maintained by the Shareholder and must have a separate circuit. On resale of the Mutual Share related to the Unit, the new Shareholder will assume responsibility for the maintenance.

Section 3.7 – Ceiling Fans.

Ceiling fans may be installed in any location provided that they meet the City of Seal Beach's specifications of a six feet (6'), eight inches (8") clearance from blades to floor. Ceiling fans are permitted in any location in a Unit provided ceiling heat in said room has been disabled and an approved alternate heat source has been installed and is operational.

Section 3.8 – Notification of Remodeling.

The Physical Property Department is instructed to notify the Qualifying Residents of all adjacent Units that share common entryways of the intent and scope of all proposed remodeling work. Any adjacent Qualifying Resident who is unable to be notified in person will have a letter mailed to them indicating the intent and scope of remodeling work to be performed. A record of all notifications must be maintained in the Physical Property Department.

Section 3.9 – Washers and Dryers in Unit.

Washers and dryers may be installed in a Shareholder's Unit by contacting the Physical Property Department for a permit. Washers and dryers shall not be installed on a shared/common wall. Any washer and dryer in a Shareholder's Unit, of any make or model, whether side by side or stackable, shall be cleaned every two (2) years, so that all dryer vent areas are thoroughly cleaned and free of lint for clear passage of air flow from machine to roof top areas. A sticker with the date of cleaning must be affixed to the cleanout cover every time a cleaning is performed by Service Maintenance or an outside vendor.

In addition, all washing machine hoses and fittings must be checked every two (2) years for any leakage or hardening and/or cracking of the hoses. Moving the washer/dryer is not a requirement. If any of these conditions are found, the hoses are to be replaced with a follow-up by the GRF Building Inspector to verify completion. In all closes of escrow and changes of stock, all hoses must be changed prior to closing. The maintenance fee for this work shall be borne by the Shareholder. Further, during the fire inspections conducted every other year, the GRF Building Inspector will compile a list of all units containing a washer and dryer.

New washers and dryer installations shall be submitted to the Physical Property Department with a plan describing the proposed connection to the sewer. All washers shall be installed with a battery powered water alarm behind the washing machine unit at the floor. Only braided metal supply hoses are allowed for the appliance. Dryer vents must go to the roof and have a clean out accessible within the Unit. All venting must be galvanized pipe with a short flex line used for the connection to the appliance. This ensures that the appliance may be pulled out and serviced without breaking the vent seal. The contractor may cut a hole for the vent from within the attic but may not have access to the roof of the Mutual building. The contractor must then contact the Mutual roofer to have it flashed with the approved damper cap. An insulation inspection must occur to verify the presence of the soundproofing before the GRF Building Inspector will sign off on the project. The Shareholder and/or Qualifying Resident assumes full responsibility for any damage incurred as a result of the installation and/or use of a personal washer and/or dryer in their Unit.

Section 3.10 – Walk-In Therapeutic/Jacuzzi-Type Bathtubs.

A Shareholder may install a walk-in therapeutic bathtub or Jacuzzi and the related equipment/appurtenances, at the Shareholder's expense, within the Shareholder's Unit. The Shareholder shall assume financial responsibility in case the licensed installation company fails to comply with all provisions of the permit and all GRF and Mutual Rules and Regulations and agrees to return the Mutual property to its original condition or satisfactorily complete the installation upon demand by the Mutual.

The Mutual has the authority and authorization to remove the bathtub/Jacuzzi and related equipment/appurtenances and return the shower/tub area to its original condition at the Shareholder's expense if the installation does not comply with the provisions of this Section.

The walk-in therapeutic bathtub/Jacuzzi shall have: (1) a Sound insulation board applied to all surrounding walls, floor to ceiling, with drywall mud and tape; (2) the shower trap shall be replaced using an all-glue ABS trap and a two-inch (2") trap with accessible clean out shall be maintained; (3) all new water piping shall be copper pipe. Water tie-ins shall be in the attic with ball valve shut offs; (4) a twenty-four inches (24") by twenty-four inches (24") attic access shall be provided in the bathroom for access to the shut off valves. The attic access cover shall be a combination of plywood laminated to a 5/8-inch type X drywall with the drywall facing the attic side; (5) the bathtub/Jacuzzi faucets shall have quarter turn shut offs that are accessible. The discharge of water shall be by gravity drain. A pump may only be used if the discharge rate does not exceed seven (7) gpm. Air injection jets may only be installed if they do not exceed a 44-decibel sound level. If they are an integral part of the bathtub/Jacuzzi, they must be disabled if they do not meet this sound level; (6) a non-standard 50-gallon water heater shall be installed with a re-circulating pump for the bathtub/Jacuzzi unless an alternate source for maintaining adequate hot water temperature at the bathtub/Jacuzzi is provided such as a tank-less booster water heater at the bathtub/Jacuzzi. The installation and maintenance shall be at Shareholder's expense; and (7) the main electrical panel must be upgraded to a 125-amp square D electrical panel with a 100-amp main breaker, if necessary, to provide sufficient circuit breakers. A sub-panel is not permitted.

Section 3.11 – Pre-Demolition.

The Shareholder's Contractor shall notify all surrounding units four (4) days prior to demolition of any kind. Contractor may petition the GRF Building Inspector to designate one parking space to be coned off overnight Monday through Thursday, only during the initial phases of construction. The Mutual reserves the right to revoke any such designated parking space at any time.

Contractors shall block off their site with an approved orange netting at all times until final inspection occurs. They may use the grass areas in front of the unit during the day when marked off by the orange netting. All work tools must be removed from the grass area overnight and on weekends. The Mutual is not responsible for any damage, loss and/or theft of the contractor's tools.

Section 3.12 – Demolition.

The contractor must, at all times, have an approved, fully charged and visible fire extinguisher on-site. Demolition must be tarped off so that no dust can enter the common attic space or affect neighboring units. If possible, the contractor is to lightly spray the demo area to keep dust down. Contractors may not use Mutual trash dumpsters to dispose of material. All trash must be hauled off site daily. The contractor must ensure that the work area is visibly blocked off from any access. The Shareholder and contractor will be responsible for any damage or injury caused to any Shareholder, Qualifying Resident, guest or invitee who is injured due to the contractor's failure to safely secure the work area.

Section 3.13 – Concrete.

Any new concrete work being done at a Unit must include a twelve-inch (12") concrete apron along the front of the garden. With the apron, the hose bib line will need to be changed to copper Type "L" with an approved hose bib. The copper line must pass through the concrete with a sleeve of ABS larger than the copper pipe. All new concrete defined as foundations, patios, aprons, and walkways shall be doweled into existing slabs a minimum of 24-inch on center with a #4 rebar and at least a 6-inch embedment.

Section 3.14 – Framing.

At framing inspection, the contractor shall treat the exposed framing for termite resistance with a product such as Tim-bor. Tim-bor must be applied by brush or spray as follows: two (2) applications of a ten percent (10%) solution when drier than normal; one application of fifteen percent (15%) solution when normal moisture.

When a Unit is remodeled, the architect, engineer, and/or contractor shall design and construct all the ceiling systems in such a way that allows for a minimum of one-inch (1") unobstructed flow of air from the eave vents up to the ridge vent. No framing material or insulation shall obstruct this air flow. If the insulation is going to close this one-inch (1") space, then a plastic baffle shall be installed to maintain it. No wood trim or coverings will be allowed on the exterior. Only termite resistant products shall be allowed on the exterior finish. Cement fiber trim and hard panel siding are standard. However, composites may be reviewed by the Mutual Board for approval. The only wood to remain for an exterior remodel is the original roof overhang that includes vent blocks, rafters, fascia, and plywood. If these are damaged or repaired by the contractor, the contractor shall replace wood to match existing and paint to match. Wood must be primed and painted with the approved paint. The Mutual will maintain the maintenance responsibility for the exterior wood members upon completion and approval of the work.

Section 3.15 – Drywall.

All drywall at common walls, ceilings, skylight shafts shall be 5/8 Type X.

Section 3.16 – Plumbing.

The Shareholder shall ensure that if any work is to be done on exposed original plumbing, (water/sewer) that the plumbing shall be changed to either copper Type "L" with sweat joints or

ABS with no hub connections. Full remodels shall have a brass ball valve main shut off installed for the cold water entering the unit. From this location, all cold-water systems shall be in copper Type "L" and be directed to the kitchen and bathrooms.

If localized remodels occur for the kitchen or bath, a valve shall be used for the cold water servicing these locations. All valves shall be easily accessible. The shut off valve for the hot water shall be at the cold-water supply to the water heater and easily accessible through a panel. The water heater shall be easily accessible for service and have a drip pan and water alarm installed by the contractor for any plumbing remodel. Only metal braided supply lines with ¼ metal angle stops are allowed for all plumbing fixtures. Toilet supply lines shall have metal nuts.

Section 3.17 – Electrical.

If a new circuit is required and space cannot be found within the existing panel, then a new panel will be necessary and shall only be Square D Q0124L125A 24 spaces/24 circuits with 100-amp main shut off. No sub panels when remodeling. All electrical boxes in the common walls shall be metal, not plastic. All remodels shall require high efficiency lighting such as LED, Gu24, or fluorescent tube. No screw in bulbs will be permitted.

3.17.1 Electrical Panel Inspection and Maintenance.

3.17.1.1 Standard Interior Electrical Panels. All standard interior electrical panels shall be serviced and maintained for proper use and function at the time of escrow or at fire inspections (whichever comes first) and will receive a dated service sticker affixed to the interior electric panel at the time of service. All standard interior electrical panels will then be serviced and maintained every five (5) years, per the maintenance schedule providing a dated service sticker affixed to the interior electrical panel at the time of service. All expenses associated with said services will be paid for by the Mutual, including any necessary repair costs.

3.17.1.2 Non-Standard Interior Electrical Panels. All non-standard interior electrical panels shall be serviced and maintained for proper use and function at the time of escrow or at fire inspections (whichever comes first) and will receive a dated service sticker affixed to the interior electrical panel at the time of service. All non-standard interior electrical panels will then be serviced and maintained every five (5) years per maintenance schedule providing a dated service sticker affixed to the interior electrical panel at the time of service. All expenses associated with inspection services will be paid for by the Mutual. Any repair cost will be borne by the Shareholder. A qualified electrician will identify that proper hardware equipment is standard mounted to the structure, and that the electrical components are connected and energized correctly and to code, along with proper grounding. Any items not in compliance with city code and/or manufacturing installation specifications must be repaired immediately and noted.

3.17.2 Padmount Transformers. Transformers are mounted on cement pads throughout the Mutual which provide electrical power for the Mutual. Such Transformers are the

property of, and under the control of, the Southern California Edison Company. The Southern California Edison Company has served notice that the immediate area around the transformers must be kept clear of any material that could interfere with the safe entry by workmen. The Mutual, all Qualifying Residents and Shareholders must comply with any laws and directives of the Southern California Edison Company by keeping the area in front of the transformer door clear to a distance of eight feet (8'), keeping any shrubbery growing near the transformer sides trimmed to prevent any growth from hanging down inside any fence around the transformer, removing any potted plants that might be placed on top of any such fence, and completely removing any growth that would interfere with the safe access to the transformer door. The Mutual's landscaping company is instructed and authorized to prune and trim from time to time as necessary to comply with State safety laws and Southern California Edison Company directives.

Section 3.18 – Draft Stopping.

Draft Stopping will be required within the attic space along the sides of the unit, but not at the attic corridor under the ridge. Draft Stopping may be a minimum of 5/8 OSB, plywood, or Type X drywall from the top plate and extend to the underside of the roof sheeting. Draft Stopping need only be installed in such a manner as to remain in place with minimal framing/backing required.

Section 3.19 – Insulation/Sound Proofing/Fireproofing.

All common walls shall be insulated for soundproofing and fireproofing. The common walls, when open in a remodel, shall be filled with a mineral wool such as Roxul Safe 'n Sound. Any penetrations for plumbing or electrical shall be sealed with approved fireproof sealant or spray foam. All electrical boxes in common walls shall be metal.

Section 3.20 – Flooring.

Shareholders must apply for and receive a GRF Building Permit prior to installing flooring within their Units. A GRF Building Permit is required for the installation of all flooring types, including carpet. Shareholder must include a sample of all flooring to be installed, and flooring manufacturer's specifications, which must be attached to the application for the GRF Building Permit. Outside porches require a crack isolation barrier. Porch flooring transition to entry walks are Shareholder's responsibility and must be made flush by raising concrete entry walls. The Shareholder understands that the Mutual is not responsible for damage to or failure of flooring purchased and installed by the Shareholder, or any previous Shareholder of a Unit.

Section 3.21 – Dishwashers.

Shareholders may have any make or model built-in dishwasher installed in their Units at their own expense by a licensed contractor approved by the GRF Physical Property Department after securing the necessary permits from the GRF Physical Property Department prior to beginning work. The dishwasher requires a separate electrical circuit. The Shareholder assumes full responsibility for any damage incurred as a result of a dishwasher, whether built-in or portable in their unit.

Section 3.22 – Appliances.

A Qualifying Resident that has lived in his/her Unit for six (6) months or less, and received new appliances from the Mutual, may not remove the appliances in a remodel unless they refund the Mutual the full value of the appliances at the time of installation.

No appliance which is Mutual property may be sold, given away, or disposed of by the Qualifying Resident and/or the contractor. The Qualifying Resident or contractor must notify a director on the Mutual Board or the GRF Building Inspector to confirm what options are authorized. This notification must be made at least seven (7) days prior to the removal of the appliances. If any appliance is stored in the Unit, it must continue to be cleaned and left undamaged until the Mutual picks up the appliance. Mutual appliances are defined as: stoves, ovens, hoods, refrigerators, garbage disposals, water heaters, sinks, faucets, lighting fixtures, and ceiling heater/vent/light units.

All expansions or permanent fixtures and appliances to the unit become Mutual property when attached to the building. The Mutual and/or GRF will not be responsible for any reimbursement of any expansions or fixtures which become Mutual property.

Section 3.23 – SmartBurners.

All Units shall have SmartBurners installed at the Mutual's cost. If the standard stove top is not present in the Unit, the Mutual will provide some other fire safety option, when reasonable. Deviation from a Mutual standard stove top requires: (1) approval from the Building Inspector in regard to fire safety; and (2) that Shareholder must return the full set of four (4) SmartBurners to the Mutual. The Shareholder shall be responsible for replacement costs if any of the four (4) SmartBurners are missing.

Section 3.24 – Exterior Coverings and Blinds.

Plans for all exterior coverings and/or blinds on windows, doors, doorways, and entry or exit areas must be submitted to and approved by the Mutual Board and meet the standards and approval of the Physical Property Department prior to installation. Exterior coverings, including but not limited to solar blinds, mini blinds, vertical blinds, or roll- up bamboo blinds, are permitted only within the inside of each Qualifying Resident's patio or Unit, and may not be attached to the Mutual's building outside of the patio, or interior window header when the unit has been extended. The Mutual prohibits exterior coverings to be attached to the building outside of the patio header or attached to rafter tails or building fascia.

Section 3.25 – Gutters.

A patch to a gutter is not permitted in any remodel which alters the gutter or moves a downspout. A contractor may reuse and modify the downspout. Full lengths of gutter without patches must be installed by the contractor. A contractor must contact the Mutual-approved roofer and have the roofer install full lengths of gutter without patches on new roofs that have gutters with one (1) seam at the middle of the building. The install will be at least one half ($\frac{1}{2}$) the entire length of the building without patches. Downspouts may be reused but will only be located as per the GRF

Building Inspector's direction. All rain gutters shall be replaced on remodeled Units. A five-inch (5") rain gutter shall be placed the entire length of the unit with no seams above the walkway (entryway). A 24-inch hole shall be drilled in the gutter and a proper downspout inserted. Caulking shall be done with Rain-buster Caulking or another approved caulking.

3.25.1 Downspouts. One (1) downspout is required on all one-bedroom units. Two (2) evenly spaced downspouts are required on two-bedroom units. The proper grade is to be on the lower downspout elbow, with extension over the flowerbed terminating at the outer edge of the scallop edging.

Section 3.26 – Equipment Standards.

The Mutual has approved a revised standardization of appliances list. This list may be updated by the Purchasing Department from time to time as manufacturers improve, modify or replace models, thereby altering the current applicable model numbers. The revised list will be published annually. It is attached hereto as Exhibit "A".

Section 3.27 – Smoke Detectors.

When all or any remodel work is done to a Unit, ALL smoke detectors/alarms must be replaced with a Kidde i9010 Tamperproof 10-Year Sealed Lithium Battery-Operated Smoke Alarm and/or Kidde 12010S Worry-Free Hardwired Interconnected Smoke Alarm Sealed Lithium Battery Backup, where applicable, or an equal and equivalent device approved by the Mutual Board.

Section 3.28 – Performance Bonds for Construction Work over Ten Thousand Dollars.

Permits for any construction work performed in the Mutual valued at more than ten thousand dollars (\$10,000.00) shall require a Performance Bond. The bond shall provide sufficient funds in the event the work is not completed on time, in accordance to approved plans, and/or to the satisfaction of the Mutual, for any reason. Exceptions to this bond requirement are as follows: (1) the contractor is listed on the Physical Property list of approved contractors; and (2) the contractor has completed more than one hundred thousand dollars (\$100,000.00) per year in contracts in Leisure World for the last three (3) years.

3.28.1 Working Hours – Contractors. Contractors engaged by a Qualifying Resident and/or Shareholder for the purpose of performing interior or exterior remodeling, or installing or removing equipment and/or appliances associated with such work on the Units will be permitted to do so only between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday.

Section 3.29 – Roof Extensions.

A Shareholder may apply to extend the roof structure to cover the existing porch area adjacent to the Shareholder's Unit. The construction must conform to the plans and specifications approved by the architect of the Los Angeles Office of the Federal Housing Administration and a building permit must be obtained from the City of Seal Beach, California. The Shareholder agrees that title to the remodeling and addition shall vest in the Mutual.

Section 3.30 – Roof Leaks.

When a roof leak occurs in a Mutual building, and if a roofing contractor fails to effect warranty repairs within fifteen (15) working days from notification by the Physical Property Department, the Service Maintenance Department will make such repairs.

A Qualifying Resident should report any known or suspected roof leaks to the Mutual Board and/or the Service Maintenance Department. The leak will then be recorded in the Roof Leaks Log by the Physical Property Department. The Physical Property Department Secretary will report the leak to the appropriate GRF Building Inspector, and the GRF Building Inspector will initiate a Roof Leak Report. The GRF Building Inspector will determine whether the leak is under warranty and, if not, whether it is the responsibility of the Mutual or the Qualifying Resident to repair.

If the leak is under warranty, the GRF Building Inspector will provide written notice to the contractor holding the warranty. The contractor is given a period of fifteen (15) working days to repair the leak.

If the leak is not repaired within fifteen (15) working days by the contractor holding the warranty, the Inspector must notify the Service Maintenance Department to perform the work. Upon completion, the Service Maintenance Department will prepare a monthly status report on assigned roofs and will issue a copy to the Mutual and Physical Property Department and forward a service repair order to accounting to invoice the contractor. The Inspector will notify the Physical Property Department Secretary to record the job as complete in the Roof Leaks Log.

If the leak is not under warranty and is the responsibility of the Mutual, the GRF Building Inspector must report the leak to the Service Maintenance Department. The Service Maintenance Department will perform the work and prepare a monthly status report on assigned roofs and will issue a copy to the Mutual and Physical Property Department. The Service Maintenance Department will generate a service repair order and invoice. The GRF Building Inspector will notify the Physical Property Department Secretary to record the job as complete in the Roof Leaks Log.

Section 3.31 – Roof and Attic Access.

No person shall access the roof or attic areas of any building in the Mutual without the express permission and approval of the GRF Physical Property Department or Mutual President or designee. The only person within this Physical Property Department who may give such permission or approval is the GRF Building Inspector or the GRF Physical Property Facilities Director, or their specific and assigned designees. This prohibition includes: (1) any Shareholder, even if such Shareholder is an occupant of the building whose roof or attic is being accessed; (2) any other person related to, or associated with, any other resident or Shareholder such as a caregiver, a relative, or guest; (3) any contractor of any sort for whom access had been requested or granted for an existing contract, any prior contract, or for the purpose of bidding on a future contract; and (4) any public official such as an inspector or other legal authority without proper,

documented permission. Emergency circumstance to protect persons or property, of course, preempt any and all such restrictions and limitations.

Section 3.32 – Filled Concrete Block and Footings.

A Shareholder may apply to GRF to obtain a permit for the use of the “filled type” decorative blocks in enclosing patios. A Shareholder must acknowledge that sufficient footings will be placed under the edge of the slab where said blocks are to be installed, in order to adequately provide for the added weight on the slab.

Section 3.33 – Liners for Decorative Block Walls.

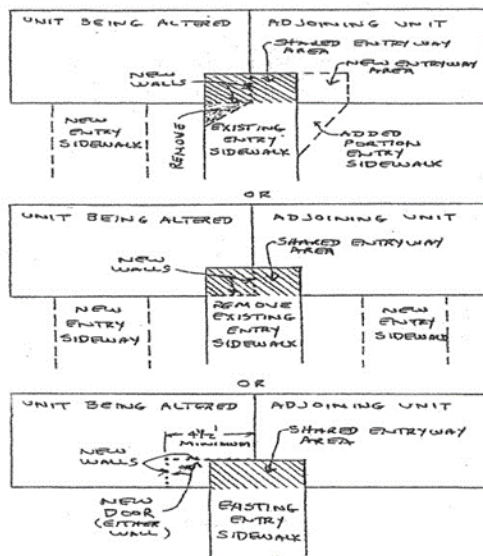

A Shareholder is not permitted to use organic materials, such as plywood, to line decorative block walls.

Section 3.34 – Bay Windows.

All bay windows presently covered with T-111 plywood, distressed plywood, or wood siding, and any other wood product that complements the bay windows such as corbels and decorative trim, shall be removed and replaced with stucco when the bay window framing and covering are infested with termites. All remodels that include bay windows shall be constructed with stucco as the exterior covering and shall be “bay to grade” construction. The expense of the entire remodel and “bay to grade” construction shall be the responsibility of the Shareholder.

Section 3.35 – Common Entry Walkways.

When two (2) units are side-by-side and share a common entrance walkway and one Shareholder wants to relocate their entry walkway, that Shareholder must obtain permission, in writing, from the Shareholder of the other affected adjacent unit. The entrance for the adjacent unit shall be relocated at the sole expense of the Shareholder whose unit is being altered to provide the minimum/maximum four feet (4’), six inches (6”). The total width will include three-inch (3”) buffers on each side if decorative stone is being used.

Section 3.36 – HVAC.

A Qualifying Resident may apply to install an air conditioning system within the Qualifying Resident's Unit, at the Qualifying Resident's expense. A Qualifying Resident must apply to the Physical Property Department for a permit to install the air conditioning system through the lower windows. A Qualifying Resident's applying to for approval to install an air conditioning system must comply with the following requirements.

3.36.1 All heat pump systems must: (1) be ductless; (2) meet requirements for energy usage to qualify for a rebate when Southern California Edison rebates are available; (3) meet requirements for acceptable sound levels; and (4) not disturb the present ceiling heat system so it can be reactivated, if required.

3.36.2 A duct heating and cooling system is part of a complete Unit remodel if: (1) installation of HVAC (Heating, Ventilating and Air Conditioning) units to be installed with the outside Unit located inside the drip line and as close to the center of the Unit as practical, or near the deco or stucco at the end of the Unit near the storage area. Corner Units may select which side they want. End Units may choose to install them on the side. The exposed lines should be attached to the deco, stucco or wooden post, the location to be approved by the Mutual Board. Repair and maintenance to be the responsibility of the Qualifying Resident; (2) the compressor is to be installed on a 4-inch cement slab when remodeling outside walls or on two inches (2") to three inches (3") plastic slab when not remodeling outside walls (cement slab preferred); (3) ground must be tamped (compressed) firmly so that the unit will not shift.

3.36.3 The concrete pad for split duct systems (heating/air) shall be a total of six and a half inches (6.5") thick: either three inches (3") below grade and three and a half inches (3.5") above grade or three and a half inches (3.5") level with the grade; and the fiberglass pad supplied by the manufacturer, anchored to the concrete pad, shall be used in a proper fashion.

3.36.4 Exposed areas: All exposed refrigerant lines on the exterior walls or ceiling of the building shall be covered by a sheet metal cover. All exposed lines (beginning and end) must be covered with either sheet metal and/or expandable foam so these areas are flame proof, insect and vermin proof, and rot resistant.

3.36.5 The compressor is not to exceed fifty-four 54 decibels and the air handler unit in the attic cannot exceed 44-decibel sound level, per City of Seal Beach Building Code. If the noise level exceeds either of these decibel sound levels, the Qualifying Resident is responsible to have the HVAC unit or units repaired immediately. If the Qualifying Resident does not have the HVAC unit or units repaired, the Qualifying Resident may not use his/her HVAC unit(s). If the Mutual has to repair the HVAC unit, due to the failure of the Qualifying Resident to repair the unit, the Qualifying Resident will be billed for all expenses incurred with such repair, including without limitation, attorneys' fees. If the heating part does not work, the Qualifying Resident is responsible for providing alternate heat, if a Qualifying Resident of that Unit has had the Mutual ceiling heat made inoperable.

3.36.6 Attic access. There must be inside attic access from the inside of the Qualifying Resident's Unit or from the outside (for end Units only), so the HVAC unit may be serviced and maintained (as it is the responsibility of the Qualifying Resident to maintain it). Condensate line in the attic must be rodent-proof. If the attic access has to be cut in, the attic access cover shall be a combination of plywood laminated to a 5/8-inch type X drywall; the drywall facing the attic side.

3.36.7 Exterior heat pumps (permit required) shall be placed in front of a Unit, unless the Mutual Board grants an exception. All new installations of air conditioners and heat pumps shall be mounted on a 4-inch concrete slab and have a 6-inch wide, 6-inch deep footing installed under the front side of the slab and comply with City of Seal Beach regulations.

3.36.8 On the occasion of change of ownership and with a charge against escrow, existing heat pumps not currently on a concrete base with a footing as described above shall be corrected by installing a manufactured fiberglass base over a concrete footing which is six inches (6") wide and six inches (6") deep across the full front edge of the fiberglass base. Central air conditioning and forced air units still require an 8-inch concrete footing.

3.36.9 Permits are required for wall heaters. In all construction work where wall heaters replace the original heating source, metal conduit or armored cable shall be used for the last six feet (6') of line running from the breaker box to the wall heater(s).

Section 3.37 – Unsanitary Premises and Fire Loading Conditions.

Chapter 10 of the 1997 Uniform Housing Code, Section 1001.11, defines in part, hazardous or unsanitary premises as the accumulation of weeds, vegetation, junk, offal (decaying meat products), dead organic matter, debris, garbage, rat harborages, stagnant water, combustible materials, similar materials or conditions on the premises of the unit, or storage inside of the oven or on the stovetop or inside a microwave oven, which may constitute fire, health, or safety issues.

For purposes of this Section 3.37, unsanitary or rodent and insect inviting conditions or fire-loading conditions are described as the excessive acquisition and collection of large amounts of objects. Such collections of objects may include, but are not limited to: stacked paper goods, newspapers, books, magazines, mail, trash, stored cardboard boxes, plastic trash bags, food stuffs, cleaning aids, clothing and collectables, pet waste or unclean pet cages, and a lack of ingress and egress at windows and doors.

6.13.7 No animals or children are to be left unattended on or within any RV or VUFR at any time.

Section 6.14 – “For Sale” Signs.

“For Sale” signage shall not be displayed on any vehicle on Mutual Property.

Section 6.15 – Repairs.

Vehicles may not be rebuilt or rehabilitated, major service may not be performed, and fluids may not be changed on any Mutual Property.

Section 6.16 – Washing.

All washing of vehicles must be done at the car and RV washing areas behind Clubhouse Two (2). Vehicles must have a GRF decal. Non-Residents shall not be permitted to wash their vehicle anywhere on Mutual Property.

Section 6.17 – Bicycles/Tricycles.

Bicycles or Tricycles may not be parked in any manner as to interfere with foot or vehicle traffic. Bicycles must be parked utilizing parking racks where provided. The Mutual is not liable for damaged, lost or stolen property. Attended Bicycles or Tricycles may be parked off pavement, but only in such a manner as not to damage landscaping. Parking on a sidewalk is prohibited. Except for employees working in Leisure World, visitors residing outside Leisure World may ride bicycles or tricycles on Mutual sidewalks or streets only if accompanied by a Qualifying Resident.

Section 6.18 – Carport Use.

Carports are to be used for parking of self-propelled land vehicles in operating condition. Any stored items in the carports must be completely contained in the carport cabinets. Current fire regulations prohibit the storage of fuel oil or any combustible material in the carport areas. All vehicles, when parked in the carports, must be headed in, except motorcycles and golf carts may face out. Bicycles and tricycles in operating condition may be parked under the cabinets in the resident’s assigned or rented space. Items such as motorcycles, mopeds, electric carts, electric chairs or scooters, bicycles, tricycles, or wheelchairs may not be parked between self-propelled land vehicles in adjacent carport spaces due to infringement upon another occupant’s vehicle space.

6.18.1 A ladder or step stool for access to storage, or shopping cart may be stored in front of the car. Various grease and other contaminants from vehicles may be dried and contained by sprinkling cat box litter which can then be swept up, bagged, and dropped off at the Transportation Department located in the Service Maintenance Department Yard. A clean, dry carport floor is the responsibility of every shareholder.

A motorcycle, electric chair, scooter or electric cart may occupy a carport car space in the absence of a vehicle, but not in addition to a vehicle. As in the case of a car, such parking is the shareholder's responsibility. In the absence of a vehicle, the carport floor space may not be used as a storage area, whether free-standing or in any type of container. Boats or trailers of any size or kind may not be parked in a carport. Parking vehicles in the carport that extend beyond the dripline is prohibited. Car covers are not permitted unless the license plate and LW sticker are visible.

Any damage sustained to the carport is the responsibility of the assigned resident, not a renter of a carport.

During each inspection of the carports by the Mutual Board, a notice will be given to any Qualifying Resident whose carport space is found in violation of this policy. Grease and/or oil drippings on the floor, and improperly stored material, must be removed within ten (10) days or the material will be removed at the Qualifying Resident/Shareholder's expense.

Qualifying Residents/Shareholders are permitted to build a downward extension to the existing carport cabinet, but the specifications shall be held at the Physical Property Department, and approval shall be obtained from the Board and the Physical Property Department.

Section 6.19 – Carport Assignments.

Carport assignments are controlled by the Mutual and a record of such assignments is kept in the Stock Transfer Office of GRF. Any vehicle parked in a carport must bear a current vehicle decal issued by the GRF Security Department and a current state license plate and registration. No person shall park any vehicle in any carport not assigned to him/her without permission from the Board. Shareholders desiring to change carport assignments must negotiate the new arrangement on their own and obtain approval from the other Shareholder and record the exchange in the Stock Transfer Office. The request for a carport reassignment, if approved, is only temporary and is valid only so long as both participating parties agree to the temporary change. One party determining to withdraw from the agreement may do so, as may the successor owner of that party's apartment. The Mutual retains, at all times, the authority to revoke and cancel this temporary change of carport assignment at its discretion. The reassignment of carport spaces, herein provided, will automatically become null and void in the event of a sale of the stock representing the other apartment, with absolutely no exceptions to the rules herein provided.

Carport space may not be rented, exchanged, or used by anyone who is not a verified Qualifying Resident of Mutual Eleven.

The Mutual Board may allow temporary, short-term parking of a vehicle used by a house guest in conjunction with a temporary parking permit issued by the Mutual President.

Section 6.20 - Carport Cleaning.

Carports are cleaned monthly by the Mutual. It is the responsibility of each Qualifying Resident to have their vehicle removed from the carport on the posted date and time for cleaning.

It shall be the responsibility of the assigned Qualifying Resident to maintain the carport floor free of excessive rust deposits, oil, or other foreign matter.

When a carport is found to have excessive matter, the assigned Qualifying Resident shall be notified to clean up the carport.

When an assigned Qualifying Resident is notified and fails to clean up the carport of excessive matter, the Mutual shall have it cleaned and will bill the assigned Qualifying Resident/Shareholder for all costs.

Section 6.21 – Secondary Carport Storage Cabinets.

Shareholders are permitted to have a secondary carport storage cabinet installed beneath the existing cabinet with approval of the Board of Directors and a permit from the GRF Physical Property Department. The cabinet shall be built per the dimensions and specifications shown in this policy. The paint and hardware must match the existing cabinet. The maintenance and damage to carport cabinets is the responsibility of the Shareholder. Carports that have secondary storage cabinets below the original cabinets may have ladders attached to the cabinets or walls. Any other construction which involves the Mutual’s carports, walls, floors, beams or ceilings is not permitted.

Section 6.22 – Electric Carts & Golf Carts.

Shareholders who own oversized golf carts or low speed vehicles (“LSVs”) that are designed to carry more than four (4) people must park these vehicles on the street or in the carport. Any cart damaging a sprinkler will result in the owner being responsible for any damage. Shareholders may park any electric vehicle, including automobiles in their assigned carport space.

Section 6.23 – Sidewalk Traffic Restriction.

6.23.1 Gasoline-Powered Vehicles. Gasoline-powered vehicles, including two-wheeled gasoline-powered vehicles, are prohibited from using sidewalks in the Mutual. Exceptions shall be limited to the following: (1) emergency medical vehicles belonging to the Health Care Center; (2) service vehicles designated for sidewalk use belonging to GRF; (3) service vehicles designated for sidewalk use belonging to contractors or vendors doing business with Qualifying Residents, Shareholders or corporations (such as newspaper carriers). This exception does not include mopeds and motor scooters.

6.23.2 Roller Skates, Rollerblades, Skateboards, Scooters. Due to potential safety hazards, visitors in the Mutual who are the responsibility of the Qualifying Residents may not use roller skates, roller blades or skateboards or scooters (motorized or other) on Mutual sidewalks

or streets. Except that employees working in Leisure World, and visitors residing outside of Leisure World, may ride Bicycles or Tricycles on Mutual sidewalks or streets only if accompanied by a Qualifying Resident.

6.23.3 Golf Carts or LSVs. Shareholders may operate a golf cart or LSV less than forty-eight inches (48”) in width on a sidewalk only from the point of origin to the nearest driveway or place of exit to the street. Larger golf carts or LSVs are not permitted to be operated on sidewalks. Shareholders should never exceed five (5) miles per hour on any sidewalk regardless of the time of day. Unless an emergency exists, Shareholders driving golf carts, LSVs, or any other vehicle may not use a sound device to alert pedestrians of their presence. Passing a pedestrian on a sidewalk is acceptable ONLY if the pedestrian acknowledges the driver’s presence and invites them to pass. Only soft-voice alerts such as “good morning” are acceptable to alert pedestrians of the vehicle’s presence. Pedestrians always have the right-of-way on sidewalks, followed by, in order of priority, non-powered wheelchairs, power wheelchairs, mobility scooters, Tricycles and Bicycles. Golf carts or LSVs cannot obstruct any portion of sidewalks.

6.23.4 Shareholder Responsible for Injury or Damage. Damage caused by a Shareholder or a Shareholder’s caregiver, family member, guest, or vendor shall be the responsibility of the Shareholder.

6.23.5 Health Care Center and/or GRF Golf Carts or LSVs. Golf carts or LSVs that are designed for sidewalk use and belong to the Health Care Center (“HCC”), GRF, or contractors or vendors doing business with Shareholders of the Mutual may use Mutual sidewalks for business-related purposes. Damage caused by contractors or vendors must be reported immediately to the GRF Security Department and a Mutual Director or risk being permanently banned from the Mutual. Damage caused by contractors or vendors shall be their responsibility.

6.23.6 Newspaper Carrier Golf Carts or LSVs. Newspaper carriers and the like using golf carts or LSVs shall use Trust Streets and carport roadways whenever possible. Carriers shall adjust their routes of travel whenever noise complaints are lodged against the carrier. The Mutual reserves the right to restrict the use of motorized vehicle deliveries or newspapers prior to 8:00 a.m.

Section 6.24 – Towing.

Under the provisions of the California Vehicle Code Section 22658, the Mutual has the authority to have a vehicle towed from its property. In every instance of infraction to this Article VI, or any other applicable rules of the Mutual, the Mutual will seek an agreed-upon resolution, but with due consideration to the overriding interests of the entire Mutual, reserves its authority to have a vehicle towed from the premises pursuant to California Vehicle Code Section 22658. The Mutual will remove vehicles parked on Mutual property that are inoperable, abandoned, blocking a fire lane or are parked in such a manner as to constitute a hazard and/or that are in violation of Mutual Rules, and reserves the right to tow any vehicle parked in violation of these Rules pursuant to the provisions of California Vehicle Code Section 22658.

6.24.1 Towing Signage. In conformance with Vehicle Code Section 22658, appropriate signage will be posted at all entrance gates warning all who enter Leisure World that it is private property and unauthorized or illegally parked vehicles will be towed away at the vehicle owner's expense. The towing signage will also contain all information required by Vehicle Code Section 22658.

6.24.2 Immediate Towing. Security Department will advise the Mutual Board when vehicles are in violation and may require immediate action/removal: (1) violation of Mutual Rules and Regulations related to safety/access/flammable materials; (2) violation of the Fire Lane Regulation CVC 22953(b); (3) violation of the Fire Hydrant Regulation. If approval is received from the Mutual, Security Department will notify the towing company to respond and meet the designated Mutual representative(s). A private property towing form will need to be signed by a Mutual representative authorizing the towing company to remove and store the vehicle.

6.24.3 Towing Procedure. If a parking violation does not require immediate action or removal, the Security Department will attach a 72-hour warning notice to the vehicle, informing the vehicle owner of the violation and intent to tow upon non-compliance. A copy of the 72-hour warning notice will be provided to the Mutual Administration Department for processing. After the 72-hour period, Security Department will check for compliance and report their findings back to the Mutual Administration Department. If the Mutual approval to remove the vehicle is received upon confirming non-compliance to the 72-hour tow notice and/or receipt of the registered letter, a tow truck will be appointed to remove and store the vehicle. Security Department will maintain a current log of all towing transactions to direct vehicle owners to the appropriate towing company. This Section 4.25 applies to all vehicles - automobiles, motorcycles, Vespa-type scooters, golf carts, scooters – any motor operated vehicle – whether parked in carports, on Mutual streets and/or in marked parking areas.

6.24.4 Violations of Article VI. The Board will review the case of any Mutual Qualifying Resident whose record of violation is referred to the Board, and take one or more of the following actions: (1) direct a letter of warning to the offender; (2) appoint a Director or a Committee to confer with and warn the offender; (3) summon the offender to a regular or special Board meeting for a conference/ warning; (4) take Board action to find the offender in violation of the Occupancy Agreement and order eviction. Any one (1) violation can be immediately referred to the Board for action. The Security, Bus and Traffic Committee of GRF will be informed of action taken and its apparent results in each instance cited above.

ARTICLE VII – USE OF LAUNDRY ROOMS

Section 7.1 – Use of Facilities.

Laundry room facilities are available for use solely by Shareholders of the Mutual, except that a caregiver, hired help, or family member of a Shareholder may use the laundry room facilities to do that Shareholder's laundry. Shareholders must oversee and instruct the caregiver, hired help, or family member when the Shareholder's laundry is being done. Caregivers, hired help, or family

members may not wash their own laundry in the Mutual's laundry room, unless they are a live-in caregiver. Shareholders are responsible for any damage to the laundry room facilities when Shareholder, their caregiver, their hired help, or their family member is doing the shareholder's laundry. Laundry room facilities are to be used for washing and/or drying only.

Section 7.2 – Dying/Tinting Fabrics Prohibited.

Clothing or fabrics may not be dyed or tinted in the washers or dried in the dryers.

Section 7.3 – Items with Metal Buttons/Clips.

Section 7.4 – Out of Order Machines.

Section 7.5 – Hours of Operation.

Laundry room facilities are available for use between the hours of 7:00 a.m. and 9:00 p.m. only. No machines shall be run after 9:00 p.m.

Athletic shoes may be washed in the washers, but not dried in the dryers. Any clothing or fabric that has been cleaned in a flammable liquid may not be washed in the washers or dried in the dryers. Bathmats or kitchen rugs that are two and a half feet (2.5') by three and a half feet (3.5') or smaller may be washed in the washers, but they may not be dried in the dryers (these rugs may be hung on the clothesline for drying). Hand-washed clothing or other items may not be placed in the dryers due to the excessive amount of water contained in them. Use the exterior clothesline for hand-washed items, if desired.

Section 7.7 – Safety.

The Shareholder is responsible for cleaning up after himself/herself. If the Shareholder feels a dangerous situation, safety problem or health hazard presents itself in a laundry room that cannot be corrected by the Shareholder, the Shareholder may call their Mutual director. Smoking is prohibited in or around the laundry rooms and exterior clothes drying areas. Clean the dryer filter after each use and dispose of lint in the trash containers.

ARTICLE VIII –SECURITY CAMERAS/DRONES/SATELLITE DISHES

Section 8.1 – Installation of Security Cameras.

No Shareholder may install a surveillance camera or make any other alteration to the Mutual's property. Accordingly, no cameras may be installed on the exterior of a building or anywhere

outside the boundaries of a unit. Shareholders may place cameras inside their unit windows, subject to the following restrictions:

8.1.1 No camera may be trained or focused on the interior of another Unit, on another Unit's front door, or anywhere else other Shareholders have a reasonable expectation of privacy. Security cameras shall not encroach upon common areas of the Mutual or another Shareholder's Unit.

8.1.2 The use of cameras for surveillance or security purposes is done at the installing Shareholder's own risk and such Shareholders understand that cameras may serve as a deterrent but may not actually prevent crime.

8.1.3 Allowing Shareholders to install cameras within their own units, in no way implies any responsibility whatsoever on the part of the Mutual. The Mutual shall not be held liable, or otherwise responsible, for damaged property, illegal activity, and/or risk to life or limb, or any safety or security problem. All Qualifying Residents and their guests are encouraged to provide their own security measures and take safety precautions as necessary, subject to the limitations set forth in the Mutual's Governing Documents. Each Shareholder is responsible for providing their own insurance coverage in the case of criminal activity, property damage, and/or liability.

8.1.4 Shareholders are responsible for all costs associated with the installation, operation, and maintenance of the security cameras.

8.1.5 Shareholders may not install security cameras in a manner that increases maintenance costs for the Mutual. Shareholders shall be responsible for all repairs and maintenance costs incurred due to the installation of security cameras wherever located.

8.1.6 Shareholders shall indemnify the Mutual and/or its Shareholders for loss or damage caused by the installation, maintenance or use of the security cameras, including but not limited to any injuries sustained and/or medical costs incurred to any persons installing, maintaining and/or removing security cameras.

8.1.7 Any Contractor employed by Shareholders to provide security camera installation, maintenance or removal services must hold all licenses which may be required by state law and/or local ordinance, and maintain a current policy of public liability, workers compensation, and property damage insurance which does not contain any endorsements or exclusions for work performed at common interest developments. The Mutual, the Mutual's managing agent, and the installing Shareholder(s) shall be named as additional insureds on the installer's policy of insurance.

8.1.8 Any incursion into the structure (roofs, walls, etc.) that results in damage or water/moisture penetration and any costs incurred related to such damage shall be the sole responsibility of the Shareholders to fully reimburse the Mutual to repair and remediate such damage.

8.1.9 If the security camera is removed for any reason, the Shareholders shall remediate any holes and/or penetrations that were made relative to the installation of the security camera. Shareholders shall be solely responsible for restoring the exterior of the Unit, any Mutual property, and/or any common area within the Mutual to its original condition, prior to the installation.

8.1.10 When a Shareholder sells his/her Unit, the Shareholder shall require the new Shareholder to accept responsibility in writing or to remove the security camera and its associated components of the installation and restore the property as described above. Should the new Shareholder fail to accept such responsibility, the selling Shareholder is responsible for removing any security cameras installed.

8.1.11 Any video footage recordings made by the Shareholder's security cameras are the sole property and responsibility of the Shareholder. The Mutual shall bear no responsibility nor have any liability for the recordings. The Shareholder shall indemnify the Mutual and its managing agents in the event any loss or damage is caused due to any unlawful recording and/or dissemination of video footage obtained by the security camera, by the Shareholder and/or any third party.

8.1.12 Pursuant to California Penal Code Section 632, it is unlawful to use a recording device to record the communication between parties, without the consent of all parties to a confidential communication. Individuals may have an expectation of privacy in their conversations and any security camera installed should not record audio.

8.1.13 All installations of security cameras shall be completed so that no damage is sustained to the Mutual property, common area, and/or the property of any Shareholder, or in any way impair the integrity of any buildings, Mutual property, common areas and/or the property of any Shareholders within the Mutual. No installation of any security cameras shall void any Mutual and/or any Shareholder's warranty and/or insurance policies.

Section 8.2 – Unmanned Aerial Flights Vehicles (Drones).

The recreational flight of drone aircraft is prohibited over all Mutual property. The only circumstances under which drone aircraft may operate in the air over Mutual property are as follows:

(i) In the event of an emergency declared by local, state or federal authority, or by an authorized officer of the Golden Rain Foundation, or the Executive Director of the GRF, or an officer of Mutual Board of Directors. Proper documentation of the qualifications of those operating the drone and liability insurance will be required; or

(ii) A commercial drone flight, at the invitation of the Mutual Board, for purposes determined to be necessary and beneficial to Mutual shareholders. Proper documentation of the qualifications of those operating the drone and liability insurance will be required.

Any violation of this Section 8.2 shall be considered a trespass, and the Leisure World Security staff will be called upon to bring such trespass to an end in a peaceful manner with or without the assistance of the Seal Beach Police Department.

Any Shareholder that wishes to install a satellite dish, must adhere to the following: (1) Shareholder must obtain a permit to install the satellite dish from the Physical Property Department of the GRF prior to having a satellite dish installed; (2) Shareholder must ensure that the licensed company complies with all GRF Physical Property Department and Mutual Eleven's policies, rules and regulations; (3) Shareholder understands that the Mutual has the authority to remove the satellite dish at Shareholder's expense if a permit is not obtained from the Physical Property Department; (4) any damage which may occur to the building or roof during installation, or during the operation of the satellite dish, is the responsibility of the Shareholder and will be paid by the Shareholder; (5) Shareholder must maintain the satellite dish in good condition, both aesthetically and functionally. Should Shareholder fail to maintain the satellite dish in good condition, the satellite dish will be removed at the Shareholder's expense; (6) Shareholder must remove the satellite dish upon the sale or transfer of Unit, at the Shareholder's expense, unless the purchaser of the Unit is willing to sign an indemnity and release agreement with the Mutual; and (7) Shareholder's contractor must install and wire the satellite dish pursuant to the Mutual's requirements and conditions for an 18-inch satellite dish.

(xi) All openings made through a ceiling for penetrations such as cables, cable tracks, conduit, pipes or tubing shall be protected with approved through-penetration fire stops;

(xii) Vent mount installations require the cable and ground wire from the dish to follow the vent pipe into the attic area. Approved tar sealant must be applied where cable enters vent pipe flashing. A half- inch slit at the top of the roof jack is allowed to feed the cable alongside of the vent pipe. Approved silicone sealant must be used around this area;

(xiii) Local electrical installation codes and the current National Electrical Code require the satellite dish to be grounded;

(xiv) Use ground wire to connect the satellite dish to a metal cold water pipe using a grounding clamp and following the guidelines.

Section 11.3 – Number of Birds.

The number of birds per Unit shall be restricted to two (2).

Birds brought into the Mutual as pets must be examined by a veterinarian, vaccinated against all infections, and certified to be free of the avian flu virus. Birds shall be kept inside the Shareholder's Unit at all times and are not allowed in the patio area. The Shareholder is responsible for the safe disposal of cage debris. The debris must be sealed in a plastic bag and placed in the trash bin in order not to attract rodents to the area. Birds must be quiet enough not to disturb the Shareholder's neighbors. Except for the number limitation, the same general rules shall be applicable for birds as for quadruped animals.

Section 11.4 – Prohibited Animals.

All members of the reptile, arachnid and monkey families, as well as any raucous-voiced birds, are prohibited; however, a reptile, such as a small lizard or turtle that is housed in a terrarium or aquarium, is permitted. Qualifying Resident pet owner shall immediately, and forthwith, remove any pet waste deposited by the pet in all common areas within the Mutual where said pet is permitted. The Mutual will impose a fine, per occurrence, on any Qualifying Resident pet owner who fails to immediately remove any such pet waste deposited by their pet. The imposed fine shall be twenty-five dollars (\$25.00), per occurrence or the actual amount charged by the janitorial services company to have one (1) of its employees remove the pet waste, if greater than twenty-five dollars (\$25.00). The imposed fine shall be paid by the Qualifying Resident pet owner to the Mutual. It shall not be permissible to maintain a pet in a residence unless sanitary standards are maintained governing the disposal of pet waste. Qualifying Resident pet owners with properly registered pets shall be permitted to walk their pet while the pet is on a leash not longer than six feet (6') for the purpose of exercising and/or depositing pet waste on any lawn area. At all times, the Qualifying Resident pet owner or responsible adult must have on their person, in plain view a plastic bag and/or a poop scoop device for the purpose of immediately removing any pet waste deposited on any lawn or ground area.

No quadruped pet may be left unattended in any dwelling area for more than four (4) hours. All pets must be under the Qualifying Resident pet owner's control in a Unit, so as not to be a hazard to security officers, maintenance staff, fire inspectors, paramedics, mail carriers or service providers, or other employees requiring access to a Unit where there are pets. Qualifying Resident pet owners who, on a temporary basis, allow a neighbor to assume responsibility for their pet for a period longer than four (4) consecutive hours must notify the Security Department of the temporary arrangement and provide a sign for the neighbor to post on the exterior of the neighbor's residence, near the front door, notifying service providers and employees who require access to the Unit in an emergency that a pet is temporarily being housed inside the Unit.

The Qualifying Resident pet owner shall acknowledge that the pet owner and the pet are subject to exclusion from the Mutual and the Unit if there is not a compliance with these Rules and registration requirements. The Qualifying Resident pet owner shall acknowledge that failure to comply with these Rules and registration requirements shall be grounds for refusing to permit a pet to be kept in a Unit of the Mutual, and continued violations may cause termination of the Qualifying Resident pet owner's residency; and (5) the insurance carrier for the liability insurance required as to the pet, together with the address of the agent, and the amount of coverage procured shall be indicated on the Pet Ownership Registration Form. Qualifying Resident pet owners shall bring a copy of their insurance policy into the Stock Transfer Office and have a copy made of the cover and declaration pages, which will then be placed in the pet occupancy file. Coverage requirements are set forth in this Article XI.

interpreter and the language requested. The PRV must be notified at least ten (10) business days prior to the hearing if the Shareholder will bring an interpreter.

15.2.3 A Shareholder may request one extension of the panel hearing under these following circumstances: (1) an extension of Hearing date at least forty-eight (48) hours prior to the scheduled PRV hearing with no explanation; (2) an extension for medical, health or family issues; (3) the written notification to the PRV panel that the Violator is bringing a lawyer. This will require a minimum 30-day extension to ensure Mutual attorney will be present; or (4) a second extension may be granted by the PRV.

15.2.4 The Shareholder has the right to examine and refute evidence. The photos may be viewed in the Security Office by appointment. The Security Department will have a representative present to explain all relevant information and evidence. This may include questions during the hearing. Shareholders also have the right to submit their defense in writing rather than make an appearance before the PRV. The Shareholder may bring an Observer or interpreter. The PRV panel hearing is a closed meeting. Hearings will be held in executive session. The Shareholder may request an open hearing. If the Shareholder does not appear at the scheduled hearing without prior notification to the PRV panel, this will be accepted as agreement by the Shareholder of the validity of the violation and the appropriate fine may be assessed.

15.2.5 The PRV panel shall make “findings” to support the panel’s decision regarding the alleged violation. Findings may allow for vacating the citation. Notice of the panel’s decision must be given by first-class mail within 15 business days following the PRV’s decision. The letter of decision shall include the PRV panel’s findings.

15.2.6 All violations of the Parking Rules as set forth in Article XV of these Rules and Regulations, may be assessed a monetary penalty in the following amounts:

(1) First Offense. The first offense may result in either a Fix-It citation, a Warning, a Fine or the vehicle being towed. See table below. A Fix-It citation provides the Qualifying Resident with thirty (30) days to correct the issue set forth in the Fix-It citation. The fine *may* be waived by the PRV panel.

(2) Additional citations may be issued after each 24-hour period.

(3) After the fourth RV or VUFR violation all RV or VUFR parking privileges are suspended for twelve (12) months beginning with the date of the fourth infraction.

The complaint will be provided to the Mutual Board for review and, if necessary, enforcement action. Individuals reporting violations may not remain anonymous.

Section 15.4 – Enforcement Procedures.

In addition to the procedures and remedies set forth herein, the Mutual may take an action in law or in equity to recover damages, obtain injunctive relief, or obtain any other appropriate legal or equitable relief that may be available to the Mutual.

ARTICLE XVI – COLLECTION POLICY

Section 16.1 – Regular and Special Assessments.

Regular assessments are due and payable, in advance, on the first day of each month. If imposed, special assessments and reimbursement assessments shall be due and payable on the due date specified by the Mutual Board. Regular, special and reimbursement assessments (hereinafter collectively referred to as “Assessments”), interest, late charges, collection costs and reasonable attorney’s fees, if any are imposed, are the personal obligation of the person who is the owner of the shares of stock associated with the Unit at the time when the assessment or other charge fell due.

Section 16.2 – Late Charges.

Assessments are delinquent ten (10) days after they become due. A late charge not exceeding ten percent (10%) or ten dollars (\$10.00), whichever is greater, may be applied if payment in full of any Assessment is not received thirty (30) days after the payment is due. A late charge will not be imposed more than once per delinquent installment.

Section 16.3 – Interest.

An interest charge at a rate not to exceed ten percent (10%) per annum will be assessed against any outstanding balance, including delinquent Assessments, late charges, and cost of collection, which may include attorney’s fees. Such interest charges shall accrue thirty (30) days after the

Assessment becomes due and shall continue to be assessed each month until the account is brought current.

Section 16.4 – Additional Charges, Costs and Attorney’s Fees.

Pursuant to Civil Code Section 5650(b), the Mutual is entitled to recover reasonable collection costs. Such collection costs include, without limitation: All late charges, interest, attorney’s fees, management costs, mailing costs, recording costs, publication costs and service costs. Such collection costs will become the liability of the delinquent Shareholder. It is the policy of the Mutual not to routinely waive any duly imposed collection costs. Please also note that returned checks may be subject to a service fee.

Section 16.5 – Application of Payments on Delinquent Assessments.

Payments received on delinquent Assessment accounts will be applied first to the Assessments owed, and then applied to collection costs, administration fees, attorney’s fees, late charges, interest, and any other amount due to the Mutual in connection with collection of delinquent Assessments.

Section 16.6 –Special Assessment.

If a special Assessment is payable in installments and an installment payment of that special Assessment is delinquent for more than thirty (30) days, all installments will be accelerated, and the entire unpaid balance of the special Assessment shall become immediately due and payable. The remaining balance shall be subject to late charges, interest, costs of collection, and lien rights as provided herein.

Section 16.7 – Unlawful Detainer.

If the delinquent Shareholder does not bring the account current within thirty (30) days of notice of the delinquency, the Mutual can seek unlawful detainer and eviction pursuant to the terms of the Shareholder’s Occupancy Agreement.

Section 16.8 – Partial Payments.

Any Assessment payments received from a delinquent Shareholder will be applied to that Shareholder’s account. However, absent receipt of payment in full of all amounts due, the Mutual will proceed with any unlawful detainer action initiated against the Shareholder’s separate interest, or the delinquent Shareholder personally, pursuant to and consistent with the requirements of California statutory and case law unless the payments are remitted pursuant to a written payment plan approved by the Mutual Board.

Section 16.9 – Lawsuit.

The Mutual may, at any time, determine to file a personal lawsuit against the delinquent Shareholder to recover all delinquent charges pursuant to relevant law. All costs and attorneys fee in connection with the lawsuit, in addition to the delinquent charges and other collection costs, will be sought from the delinquent Shareholder.

Section 16.10 – Attorney’s Fees.

If a lawsuit or unlawful detainer action is initiated by the Mutual to recover Assessments, the Mutual is entitled to recover not only the amount in default, but also reasonable costs of collection, including title company charges and attorney’s fees as provided for by statute, as well as the Mutual’s Bylaws, the Shareholder’s Occupancy Agreement, and/or other Governing Documents.

Section 16.11 – Suspend Privileges.

The Board may, having provided the Shareholder with a Notice of Hearing pursuant to Civil Code Section 5855, suspend the common area privileges of any Shareholder who is more than thirty (30) days delinquent in paying any Assessment. Common area privileges will remain suspended until the delinquency, including any accumulated penalties, interest and costs of collection, has been paid in full.

Section 16.12 – Secondary Address.

Shareholders have a right to identify in writing to the Mutual a secondary address for purposes of, without limitation, collection notices delivered pursuant to this Article XVI. Upon receipt of a written request from a Shareholder identifying a secondary address, the Mutual shall send notices to that secondary address.

Section 16.13 – No Right of Offset.

There is no right of offset. A Shareholder may not withhold Assessments owed to the Mutual on the alleged grounds that the Shareholder would be entitled to recover money or damages from the Mutual based on some other obligation or some claim of another obligation.

Section 16.14 – Charges and Fees Subject to Change.

All charges and fees set forth in this Article XVI are subject to change. Upon rule change notification to the Shareholders.

Section 16.15 – Dismissal of Action Upon Payment.

Within twenty-one (21) days of payment in full of all delinquent Assessments and charges, the attorney will dismiss the unlawful detainer action, and will provide the Shareholder with a copy of such dismissal.

Section 16.16 – Right to Receipt.

When a Shareholder makes a payment, the Shareholder may request a receipt and the Mutual shall provide same which shall indicate the date of payment and person who received such payment.

Section 16.17 – Overnight Payments.

Payments may be made by overnight mail to the following address: Leisure World, Attn: Cashier, Finance Officer, P.O. Box 2069, Seal Beach, California 90740.
